BRIEF HISTORY: I am Abigail Atakora-Manu from Asante Mampong and I stay at Sowutuom a town in the Greater Accra Region. I was into the church (GCOP). I am serviceable and helpful everywhere I find myself. I am a graduate from UPSA and UCC. I have spent my past years working in the administration sections of the various organizations I have worked in thus giving me the passion to work in the various groups I join in the church. Currently, I have developed a interest in working with the media and administration team of the church to learn new skills and be off an assistance to the church. In the future, I hope to be a beacon of hope to draw many to the household of Christ by performing my functions as a personality and a believer.
